Honesty & Service

Afternoon Tea And Sale Of Work.

The St. Laurence W. A. will hold a Sale of useful and fancy articles, and home-made cooking in the Big Hall on Friday, Dec. 12th commencing at 2.30 p.m. Refreshments will be served during the afternoon. Proceeds will be spent for the necessary purpose of paying for the fire insurance of the Church. Donation of articles or cooking will be thankfully received.

NOTE It has since been decided to hold the above sale in the Rest Room

CHURCH NOTICES St. Laurence Church

REV. W.S. WICKENDEN, B.A., L.T.H.
PASTOR.

Divine Service, (D.V.) Sunday next, Dec. 7th. 7.30 p.m. An address will be given on The Second Coming—its character. Sunday School at 12 Noon.

Rev. J. L. Wright will lead the worship on Sunday next in Monitor (St. Laurence Church) from 1 to 2 p.m. and in Kierlemaur at 7.30 p.m. Subject of Sermon is "Fatalism." Everybody welcomed. Come and worship.

Local Happenings

Mr. and Mrs. Wm. Schroer and family left for Springfield Illinois, U. S. A. this week, at which place they will spend the winter.

J. M. Taylor of New Brigen was a visitor in town on Tuesday last.

The lowest temperature reported for the current week was 38 below Zero on Saturday midnight.

Work was practically suspended in the school on Monday morning, owing to the severe cold.

Have you seen the Christmas display of our Local Drug store? If not, you are missing a treat for they have a display there that is a credit to any city or town in the Province.

Born. To Mr. and Mrs. George Hazen, at Cosmopolis, Washington, U. S. A. on November 27th, 1919 a son.

The Ladies Aid met at the home of Mrs. Vosburgh this week.

Mr. R. P. Thompson, the general manager of the Canadian Commerce at this point, left yesterday for Vermilion, Alta. at which point he will temporarily reside. Mr. and Mrs. Thompson have resided here for the past two and a half years and in that time have made a large circle of friends who will one and all be sorry to see them go. Mrs. Thompson will not leave here until the first of the week, and then she will reside for a time with Mr. Thompson's sister. Many expressions of good will accompanied Mr. Thompson on his departure, and we are sure that the ladies of this community will be sorry to lose the charming friendship of Mrs. Thompson.

Born—To Mr. and Mrs. Smith Hill, at 320 Avenue C North, Saskatoon, on November 22nd, a daughter.

Miss Doris Hayes returned from Stettler and points west on Tuesday last.

W. G. MacKenzie and J. H. McGirr who have been spending a holiday in Calgary returned to town yesterday. The weather they report, dropped to 31 below while they were there.

Pat Stewart went to Coronation last night.

Neutral Hills Entertainment

On Monday December 8th, there is to be a moving picture entertainment at the Neutral Hills schoolhouse, to be followed by a Dance. The pictures are "Treasure Island". Admission 50 cents. Ladies please bring refreshments.

360 Cattle Shipped

Last Tuesday the big annual shipment of Cattle from the Poynter Ranch, north of town, was shipped to Chicago. This shipment, comprising some 360 head, had been held up here owing to the embargo, but we understand this has been lifted and the cattle are now on their way. The stock looked in dandy condition and should fetch a top price in the market.

Wedding Bells

MacKenzie—Kny.

On Monday afternoon, Dec. 1 Mr. James MacKenzie and Miss Jessie L. Kny were united in the Bonds of Holy Matrimony, the ceremony taking place in St. Laurence Church. The incumbent of the Parish conducted Service, and Mrs. J. A. Hayes officiated at the organ. The good wishes of many friends were extended to Mr. and Mrs. MacKenzie.

Monitor Village Council

The following nominations were made for Councillors for 1920 W. P. Moth, W. C. Horsch and W. J. Hamer. There being no other nominations these gentlemen will constitute the new council.

Rest Room Is Now Ready For Use. Plans Are Discussed

On Wednesday evening last a meeting of the citizens was called to decide on the best way in which to conduct the Rest Room in order that it may be appreciated. The meeting was held in the Rest Room and was called to order by Mr. L. O. Gould, who briefly stated the cause, present conditions etc. Mr. Wickenden was elected to the chair. It was decided to procure a University Library, to which might be added from time to time, such books as donors could spare. Rev. Wright was elected Librarian. Games too, such as chess, draughts and cards are to be added to the Room. The ladies of town are taking turns to be on hand the days that the rest room is open, in order that there may be a feeling of homeliness about the place. Furniture has been bought, and will arrive shortly and there is no reason at all why the Rest Room cannot be a success from every point of view. The first of a series of Social evenings is to be held in this Room on Friday the 19th of December. There were about 40 people present, and a marked interest was shown in the endeavor.

NOTICE

Re Unpaid Village Taxes

In order to avoid payment of 5% penalty all taxes should be paid without delay.

Re Unpaid Fin. Accounts

The Village Council request that all who possibly can will at once settle Hospital and Doctors bills. Persons unable to pay at once will oblige by communicating with the Reeve or the Secretary.

Re Unpaid Dog Taxes.

Will owners of dogs who have not yet paid the tax due to the Village please pay same as soon as possible.

Dr. H. Meeklenburg, the Eye-sight specialist, will be in Monitor for the practice of his profession on December 10 and 11, and in Consort the 11 and 12th.

Dr. Bridgman Eye Specialist, is in town TO-DAY

Monitor Centre of Huge Oil Field

Over 18000 acres, with Monitor as the direct centre has been filed on recently by the Union Oil Co. and other large corporations, and leased, for the purpose of locating the oil, which we are reliably informed is only waiting for the drillers to get to work before the wells flow. Unfortunately we are unable to give specific information on the subject, as our only copy of the statement has disappeared. Suffice it to say though, that this is not a wild cat scheme for get-rich-quick Wallingfords. Government and private surveyors have been at work in the district for 2 or 3 years measuring anticlines etc etc, and as a result of their labors it has been proved that the oil is here. Further information will be given as it is received.

The Duty of the Hour

The time is at hand when the people of the Western Provinces of Canada have important obligations, imposed upon them by their citizenship, to discharge. Primarily it is a duty they owe to their country, but in a very particular sense it is a duty they owe to themselves.

The reference is to the selection of municipal councils and school boards for the coming year, the making of a choice of some thousands of men, or women to whom is to be entrusted the vitally important task of directing municipal and school administration in a territory many times the size of some outstanding European nations. The matters which in the coming year will engage the attention and call for action on the part of these local representative bodies may not be very spectacular or fill a large place in the public eye or in the columns of the newspapers, but to an even greater extent than many matters of national and even international moment they directly affect the well-being of the people, and to the extent that these purely local affairs are well managed, the comfort, convenience and advancement of the people of a community are served. Furthermore, they have a very direct bearing on the burden of local taxation to be imposed.

Never, it is probably safe to say, in the history of this country was it a matter of greater concern than it is today that the keenest interest should be taken by all citizens in the choice of the men and women selected by them to serve in a representative public capacity. Western Canada is by no means immune from the unrest which prevails throughout the world, and which is turning some countries and old established conditions topsy-turvy. Problems connected with labor, education, social and moral questions, trade and commerce, finance and taxation—all are in the melting pot, and what will ultimately evolve therefrom for the good or evil of mankind depends to a very large extent upon the interest displayed by the average man and woman in public affairs, the amount of study and consideration they are prepared to give to reaching a solution of these problems, and the character of the men and women whom they elect to public office to deal with them.

It is of the utmost importance, therefore, that the people of Western Canada should give serious heed to the selection of their municipal and school representatives this year. In making choice of these representatives this is a time above all others when people should be on their

guard against being swayed by feelings of personal friendship on the one hand, or feelings of a personal dislike on the other hand, in voting for candidates for public office. It is a time when all old partisanship should be buried and forgotten, when considerations of race, or creed, or personal ambition should be ignored, and when the test of a cool and mature judgment should be applied in the marking of a ballot.

Compared with most countries, Canada has weathered the first full year since the signing of the armistice fairly successfully. Mistakes have been made, plenty of them. There have been unfortunate disturbances in industrial centers. Injustices have existed, and yet remain to be righted. Much money has been wasted, and extravagance has been all too general, not only by governments and other public bodies, but by the people themselves. Nevertheless, when consideration is given to conditions in other lands, Canadians can regard themselves and their country as occupying a favored position.

It is to our own interests, as well as a duty we owe to our country, that this position should not only be maintained, but that it should be improved. Such improvement is not to be brought about solely in Dominion and Provincial politics, but the principal field of endeavor is to be found in local affairs, namely, in the municipality and local school district. It is here that the foundation of reform and progress is to be laid, and from careful and wise administration in these branches of our public business there will flow an influence which will beneficially affect administration in the larger, and what are popularly regarded as the more important, departments of government.

A lively interest in local matters throughout the Prairie Provinces at this time cannot fail to result in an improvement in all municipal and school administration, which, in turn, will lead to better Provincial government and more careful handling of Federal affairs.

EVIL OF SUBSTITUTION

A dealer substitutes because he makes more profit on an inferior article. A local citizen was induced to take a substitute for Putnam's Corn Extractor, with the result that the substitute burnt his toes and failed to cure. Putnam's contains no acid and is guaranteed. Always get Putnam's Extractor, 25c, at all dealers.

It is a strange fact that Africans never suffer, neither do their descendants, if they are pure-blooded, although domiciled in other parts of the world.

Tobacco Revenue

Fragrant Weed Furnished \$2,767,685 in October

Inland revenue returns for October show an increase of slightly over half a million, as compared with October, 1918. The excise tax on tobacco is now the largest source of revenue for this department, the amount collected during October being \$2,767,685, whereas the tax on spirituous liquor and malt brought in only slightly more than \$800,000. War revenue stamps yielded \$1,103,197 for the month.

CATARRH COLDS BRONCHITIS CURED WITHOUT DRUGS

It is really impossible to treat Catarrh unless by inhaling the soothing vapor of Catarrhazone. Its rich, fragrant essences are breathed from the inhaler to every sore, diseased spot in the breathing organs. Not a single germ can escape the healing fumes of Catarrhazone, which acts on the infected linings of the nose and throat just as an ointment would act on a cut finger. You see Catarrhazone soothes, cleanses, heals. It cannot fail to reach and cure Catarrh; it's simply a wonder on weak throats, bronchial coughs, deafness, buzzing ears, and all other symptoms of Catarrhal cold.

Get Catarrhazone today. Complete outfit costs \$1 and is sufficient for three months' use. Smaller sizes 50c, all dealers or the Catarrhazone Co., Kingston, Ont., Canada.

When a banknote is torn it might be termed a paying teller.

A Remedy for Earache.—To have the earache is to endure torture. The ear is a delicate organ and few care to deal with it, considering it work for a doctor. Dr. Thomas' Electric Oil offers a simple remedy. A few drops upon a piece of lint or medicated cotton and placed in the ear will work wonders in relieving pain.

Heavy Cattle Shipments

Cattle shipments, during the present fall from Wainwright, Alberta, and district are larger than any previous year, writes a correspondent. A conservative estimate would be that from ten to fifteen thousand cattle have been shipped from Wainwright to Eastern Canadian and American markets during the past few months.

The shipments to Edmonton and Winnipeg markets have also been heavy, one thousand head of good sound stock going out in one week.

There may be other corn cures, but Holloway's Corn Cure stands at the head of the list so far as results are concerned.

Hard to Beat

A carload of flax was sold at Winnipeg recently to agents of the British Government for \$8,332. According to Grain Exchange officials, this is the most valuable car of grain ever sold in Winnipeg. The price per bushel was \$4.46.

Sweet and palatable, Mother Graves' Worm Exterminator is acceptable to children, and it does its work surely and promptly.

The highest interest that can be charged for a lot in the Isle of Man is six per cent, and that has been the lawful rate for more than two hundred years.

Minard's Liniment Cures Diphtheria.

On the approach of a thunderstorm French peasants often make up a very smoky fire, in the belief that safety from lightning is assured. By some this is deemed superstition, but the custom is based on reason, inasmuch as the smoke acts as a good conductor for carrying away the electricity.

W. N. U. 1292

Valuable Entomological Circular Issued

Collecting and Mounting of Insect Collections Important Part of the Work of Students

The collecting and preserving of insects and the mounting of insect collections has become an important part of the work of the students in many of our schools. The teachers who have specialized in agriculture have learned something of the methods of collecting and preserving insects and are arousing the interest of their pupils in this fascinating subject. In order to assist those desirous of securing accurate information Entomological Circular No. 12, "Directions for Collecting and Preserving Insects" has been prepared by J. H. McDunnough, M.A., Ph.D. This circular may be obtained free upon application to the Publications Branch, Department of Agriculture, Ottawa. It indicates concisely some of the most essential features in connection with the collection of insects, and aims to arouse an interest for intelligent collecting of insects. Insects are very delicate creatures and unless the greatest care is observed in both collecting and packing for shipment an otherwise valuable collection may be rendered practically worthless from both the aesthetic and the scientific standpoint.

Alberta Horses Go to Scotland

One of the largest shipments of pure-bred horses from one breeder in Canada was a recent one of 70 head of Percherons from the well-known Bar U Ranch in Southern Alberta, owned by Geo. Lane & Co. In addition to the pure bred, eight high-class grades were sent to Lord Minto, Howick, Scotland. The shipment, which filled seven cars, was made up of 24 stallions, 43 mares and three show geldings. In point of quality, the horses ranked exceptionally high, and there is no question it will go a long way in helping to popularize the breed in the several localities into which it went.

\$100 Reward, \$100

Catarrh is a local disease greatly influenced by constitutional conditions. It therefore requires constitutional treatment. HALL'S CATARRH MEDICINE acts directly on the mucous membrane, and acts through the blood on the mucous membrane. HALL'S CATARRH MEDICINE destroys the foundation of the disease, gives the patient strength by improving the general health and assists nature in doing its work. \$100.00 for any case of Catarrh. HALL'S CATARRH MEDICINE fails to cure. Druggists 75c. Testimonials free. E. J. Cheney & Co., Toledo, Ohio.

It is hard for some men to say just what they mean, but harder for others to mean what they say.

The good housewife will never beat a carpet when it is down.

Cuticura Will Help Clear Eruptions & Dandruff

The Soap to Cleanse The Ointment to Heal

Don't wait to have eruptions, redness and roughness, dandruff and irritation. Prevent them by making this wonderful skin-cleansing complexion soap your every-day toilet soap, assisted by touches of Cuticura Ointment to the first sign of little skin and scalp troubles, and dandruff of Cuticura Talcum, a fascinating fragrance. In delicate Cuticura medication The Cuticura Trio is wonderful. Sample each free of "Cuticura," Dept. N, Boston, U. S. A.

The Greatest Change

"When water becomes ice," asked the teacher, "what is the greatest change that takes place?"

"The greatest change, ma'am," said the little boy, "is the change in price."

WELL SATISFIED WITH BABY'S OWN TABLETS

Mrs. Emile Malette, Montpelier, Que., writes: "I have used Baby's Own Tablets for some time and am well satisfied with them. They are surely the best medicine I know of for little ones." What Mrs. Malette says, thousands of other mothers say. Once they have used the Tablets for their children they would use nothing else. The Tablets are a mild but thorough laxative; are absolutely free from opiates, narcotics or other harmful drugs, and may be given to the youngest baby with perfect safety and good results. They are sold by medicine dealers, or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

The piper plays the pipes, but the plumber gets the plums.

Minard's Liniment Cures Colds, &c.

The largest and highest castles in the world is found in Arizona. It is two hundred and thirty-two feet in height.

PILES

Do not suffer another day with itching, bleeding, or protruding Piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and so surely cure you. See a box at all dealers, or Edmanston, Bates & Co., Limited, Toronto. Sample box free if you mention this paper and enclose 2c. stamp to pay postage.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

For Colds, Pain, Headache, Neuralgia, Toothache, Earache, and for Rheumatism, Lumbago, Sciatica, Neuritis, take Aspirin marked with the name "Bayer" or you are not taking Aspirin at all. "Bayer Tablets of Aspirin" is an unbroken "Bayer" package which contains complete directions. Then you are getting real Aspirin—the genuine Aspirin prescribed by physicians for over nineteen years. Now made in Canada. Handy tin boxes containing 12 tablets each but a few cents. Druggists also sell larger "Bayer" packages.

There is only one Aspirin—"Bayer"—You must say "Bayer" Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Mono-acetic-acid of Germany. While it is well known that Aspirin means Bayer, the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

H. A. WARNER

EDITOR AND PUBLISHER

Monitor

FRIDAY DECEMBER 5 1919

Alberta

To Our Readers
And Subscribers

♦♦♦♦
LAST Insertion

Dear Friends:

Owing to the steadily advancing price of materials necessary to the publication of a newspaper, and to carry on the business as a whole, to say nothing of the continued high cost of living, we find it absolutely necessary to raise the subscription price of the Monitor News to \$1.50 per year.

For four years now the paper has been published at the price of one dollar, at a small loss to publishers; which loss has increased with increasing costs of materials. Rather than lower the standard which we are endeavoring to maintain we are asking this additional half dollar per annum so that we can keep Monitor on the map as she should be kept.

This change in price will not take effect until the new year of the paper, which is the first issue after December 12th. On and after that date, new subscriptions and renewals will be \$1.50 for the coming year. We are confident that we will receive the support of the citizens of Monitor in our enterprise, for a district that can go six times over the top in a victory loan, in spite of no crops and poor conditions will not let their paper "go under." This paper is yours. Help to make it a success.

Please remember, then, that with Vol. 5, No 1, December 13 the price for a years subscription is \$1.50. Thank you.

Sale of Work Is
Very Successful

The reputation and sale of work, given by the Ladies Aid of Monitor, proved to be very successful, in spite of the severity of cold weather which kept many of the out-of-town people from attending. Mr. and Mrs. Wright had the pleasure of receiving many old and new friends.

Mr. Purdy proved to be a very able auctioneer, and the sum of \$71.75 was realized. Apart from this the sale of work done by the young people brought in \$23.00.

The members of the Aid wish to thank all those who so kindly assisted with the programme, and all who helped in any way to make the evening a success. Many thanks are due to Mr. Moth for use of the Hall.

Much Ado About Nothing

Our readers will doubtless remember that in last week's issue we published a few items pertaining to the activities of our local Curling Club. All of these items were connected in some way with the plays or actions of the members, and all with but one exception, were taken in the spirit in which they were written. This one exception, however, has caused more disturbance in our little burg, than the discovery of coal-oil or sugar would. As an exhibition of childishness it takes the bun. We refer of course, to the item with the little poem attached, written and composed locally. How on earth any man, curler or other wise, could take offense at that little harmless skit, is beyond our ken. Whether or not this man objected to playing third, we don't know. As a matter of fact we don't know anything at all about it, as we haven't been to the rink yet. We had noted though, that on previous occasion, when a joke or skit had been pulled off on another chap this same person was the first to give him the "Ha-Ha." Yet, when the tables are a bit turned there goes up such a song and a hulla-ba-loo that business is delayed all morning. A good sport can take as much as he gives—quid erat demonstrandum. Apart from doubling our life insurance, and providing ourselves with an assortment of firearms, etc, we are not worrying.

The Church And Its Work

By The Rev. W. S. Wicksaden,
B.A. L. Th. Rural Dean

ADVENT

As Christmas approaches and we think of the first Coming of our Lord Jesus Christ, we think also of His Second Coming. The grandest fact in history is that Jesus Christ, the Lord of glory, has been in this world, and the most important fact of the present is that He is now in Heaven making intercession for all them who come to God by Him and the greatest prophesied event of the future is that He is coming again.

When the Saviour returns He will take the saved ones, the members of His Church, to be with Him forever. And upon the earth will then take place unutterable tribulation. There is only One Refuge, One Deliverer, from the judgement to come, and that is He, Who Himself paid the penalty of His people's sin on Calvary's Cross.

Sir Robert Horne Makes

Reputation in England

As Minister of Labor

In the session of the British Parliament just ended two members have created big reputations for themselves. They stand out head and shoulders above their fellows.

One is Sir Robert Horne, the Labor Minister, who has stepped without any apparent effort into the very front rank of parliamentarians, and whose abilities as an administrator are second to none in the Government.

He gave up £5,000 a year at the Scottish Bar to become a member of the Government at £2,000 a year. His first word and then won the confidence of Labor in hundreds of conferences and personal interviews, and lately has been responsible for the firm handling of the Labor situation by the Government. He has the well-deserved nickname of "Hall, Smiling Horne."

The other success of the session is an old member in a new coat—Lord Robert Cecil, who since his return from the Paris Conference has added daily to his reputation.

He is the mystery man of Parliament. Once looked on as the type of Tory aristocrat in politics, he now seems ready to out-do the democrats in democracy. He has a large band of enthusiastic young Unionist followers. The Labor men hail him as one after their own heart. Which way will he turn? What party will he lead? No one but himself knows. His mind plans some destiny while men are wondering.

Two other figures have marched with some degree of distinction across the Parliamentary page. Sir Donald Maclean, the leader of the loose band of Independent Liberals, is the Admirable Crichton of politics, compelled by the scarcity of his followers to speak on every subject. And he does it at times so brilliantly that he has given a full heart of hope to a party that no longer desires the return of Mr. Asquith to lead it.

Mr. Clynes has achieved distinction as a Labor member. He is easily the best of that party. Honorable mention must be made also of Sir L. Worthington Evans for his work at the Pensions Ministry; of Sir Tudor Walters and Sir Kingsley Wood for their work on housing; of Mr. J. S. Holmes for his able exhortations on finance and economy; of Mr. Kennedy Jones for his work on London traffic and other matters; of Mr. Geoffrey Locker Lampson for his grapple with income tax problems; of Mr. McCurdy for knowing something about food control; and of the Geddes brothers for knowing all about everything.

Finally, after diligent search, there may be discovered on the back benches two modest new members out of all the hundreds arriving full of hope last January who deserve encouragement, namely, Capt. Elliot, a doctor who has dissected politics with considerable skill, and Sir Park Goff, the most accomplished traveler in the British House of Commons, who told his fellow members that most of them were uncertain whether Budapest was an Indian god or a new plague.—London Daily Mail.

"Fubs" To Be Improved.

Better public houses, an improved tone for saloons, is the newly announced policy of the British Liquor trade.

Rear Admiral Sir Reginald Hall, a member of Parliament, who was recently elected to the directorate of one of the leading brewing companies of the kingdom, said that representatives of all sections of the trade had drawn up a bill embodying such principles as promotion of sobriety, restriction of drunkenness, reduction of the number of licenses where they are excessive and enlargement of premises so as to provide greater opportunities for social amenities.

"Recreation, including reading rooms, facilities for writing, music and games, should be provided," Admiral Hall said. The entry into the trade of those who would set up and maintain a high social standard should be encouraged to the exclusion of those who might bring discredit on the industry.

Lady Arabella Stuart.

The history of Lady Arabella Stuart was a succession of romantic incidents and disasters. She was the daughter of Charles Stuart, Earl of Lennox, and being in the line of succession to the throne, was the object of jealous care by Queen Elizabeth, who attempted to marry her off to some European prince, one of whom believed that the line of succession to the throne, says an exchange. When she was 22 she married William Seymour, son of Lord Beauchamp. Her marriage had been secret, and when Elizabeth heard of it she and Seymour committed to the tower, while a prince was named as a prisoner in the house of Sir Thomas Parry. Both lovers escaped, but poor Arabella was caught and brought back and placed in the tower, where she remained until her death in 1551.

THE SISTER'S FAITH

FORD will bring them back

The following appeared a short time ago in the "State Register" of Springfield, Illinois.

Many are the stories of Henry Ford and his popular automobile, but Hillsboro is relating what it calls the best of the season, and the facts in this case are true. It happened in one of the leading churches of the city that the pastor took for the text of his sermon, "Better Church Attendance."

The Pastor held that the automobile has taken more people away from Church than any other thing. He concluded with the exclamation: "The Ford Car has taken more people to hell than any other thing I can mention." Whereupon an old lady in the congregation began to clap her hands and moan "Praise the Lord! Praise the Lord!"

"What's the matter, sister?" asked the parson.

"The Ford never went any place it couldn't make the round trip, and I am sure all those people in hell will be back," she answered, so Praise the Lord.

The Monitor Garage wishes to add to this story "BUY A FORD AND BUY IT NOW" We are now able for the first time in many moons, to make prompt delivery, but we are sure that it will only be for a short time, when the demand will exceed the output. If there's any season of the year you need a Ford, it is now. 7 hrs Rain, Snow, Mud, Sunshine or Hell, if any car will bring you back it is a FORD. See us at once and place your order.

BILIOUSNESS

How to Prevent and Cure

Among the earliest symptoms are
furred tongue and dull headache.
Then come dizzy spells, bad taste,
quick pulse, fever and cold sweats.
Finally, sleeplessness and vomiting
make the condition of the sufferer
almost intolerable.

The root of biliousness is with the
liver which is clogged and can't keep
bile from getting into the blood.

Nothing works with the certainty
of Dr. Hamilton's Pills; they act di-
rectly on the liver, restore the bile
to its proper course and prevent it
from contaminating the vital fluid.

Of course, the bowels are ordered
and relaxed by Dr. Hamilton's Pills,
the kidneys receive new tonic, the
blood is renovated and the result is
a renewal of good health.

No need for delay, the sooner you
use Dr. Hamilton's Pills, the sooner
you'll feel the brisk, keen satisfaction
of a healthy, well-regulated sys-
tem. Sold in yellow boxes, 25c.

Praise From U. S.

Bureau of Education

Saskatchewan Schools Commended
for Their Progressive
Methods

High praise is given to Saskatche-
wan schools in a bulletin on "Edu-
cation in Parts of the British Em-
pire," which has just been issued by
the Bureau of Education, Department
of the Interior, Washington, D.C.
After commenting on the progress in
education made in recent years in
Manitoba, the report states:

"The democratic ideas of Manitoba
are even more pronounced in the
province just to the west, Saskatche-
wan; but centralization more akin to
that of the eastern provinces has as-
serted itself in the public school sys-
tem of the latter. This centralization,
however, has not lessened the deep,
popular interest in the schools. Per-
haps the most convincing proof of this
was the educational survey of the
province decreed by order-in-council
and undertaken during the latter half
of the year 1917.

"The public has been favorably pre-
pared for this survey by the activities
of the Public Education League,
which has launched public meetings
and led up to the proclamation of a
public holiday by the premier, on
which the needs of educational re-
form were emphasized at rallies held
at a number of points. All this time
there has been no lapse in public in-
terest in education, as is shown by
the fact that, since the organization
of provincial government for Saskatche-
wan in 1905, school districts had
been organized at the extraordinary
rate of one a day.

"With the tremendous increase in
the amount of routine work thus de-
veloping upon the department of edu-
cation, serious discussion arose as to
whether the school unit with a board
of three trustees was not too small,
and whether the organization of
boards of seven members, as for the
municipalities, would not be better
able to handle a much larger terri-
tory organized as a municipality. The
matter is as yet unsettled, but in-
dications are that an organic change
will be brought about by the stirring
of public interest.

"The progressive nature of the
people and of the schools of Saskatche-
wan was well brought out in the
findings of the survey to which re-
ference has been made. The strongly
centralized system, it was agreed, had
been of very great service in the early
primitive days, but the findings bore
out the belief that a system more ad-
apted to a largely increased popula-
tion, and especially one giving con-
sideration to local needs, was now re-
quired.

The School Attendance Act, which
came into effect May 1, 1917, at once
increased the enrollment and regular-
ity of attendance of school children
falling within the compulsory ages of
7 to 14 years. By its provisions town
districts appoint attendance officers,
who report to the department of edu-
cation every month. In village and
rural districts such duties are fulfilled
by the teachers. As regards territo-
ries covered by the School Act, and

MURINE Best, Refreshes, Soothes,
Keeps Your Eyes
Strong and Healthy. If
they are Smart, Itchy, or
Burn, If Sore, Irritated,
Inflamed or Granulated,
use Murine often. Safe for Infant or Adult.

length of school year, every town and
village district, and every rural dis-
trict with at least 12 children of com-
pulsory age resident within 1 1/4 miles
from the school house, shall offer at
least 210 teaching days, and every
district with at least 10 children of
compulsory age shall offer at least
190 days. A most important phase of
the act is that it provides for keeping
systematic records of the population
of compulsory age, which has hitherto
not been legally required."

1920 Is Leap Year

Victoria Day Falls on Monday and
Dominion Day on Thursday

With the New Year fast approach-
ing, interest naturally begins to
quicken in the approach of 1920. Al-
ready calendars and almanacs dis-
playing the numerals that mark the
coming twelve months are to be seen
in the stationery shops.

It is almost unnecessary to state
that New Year's Day falls on Thurs-
day, for every youngster in Christen-
dom has already consulted the calen-
dar to find out on what day Christ-
mas will come, and has found out
that the festival falls on Thursday.
Grown-ups being aware that New
Year's Day is just one week later,
have drawn the natural conclusion.

Old Christmas, the festival that is
known by the name Epiphany, the
Fete des Rois, and Twelfth Night,
falls twelve days after Christmas, on
Tuesday, January 6. Lent will come
in fairly early in 1920 for the social
season will close with the coming of
Ash Wednesday on February 18.
February will produce another day of
interest to the general public, and
that will be Sunday, February 29. For
1920 will be Leap Year, though un-
fortunately the twenty-ninth does not
happen to fall on a week day this
time, so some of the usual merry-
making will be omitted.

Easter will come early—on April 4,
which will make the dates of the two
accompanying holidays, Good Friday
and Easter Monday, fall on April 2
and 5.

Fishermen will be delighted to hear
that May 24, 1920, will come on Mon-
day, so a week-end in the country is
assured to those who want it.

The King's Birthday, June 3, a
school and bank holiday, will be a
Thursday, and July 1, Dominion Day,
will fall on the same day of the week.
School children will be interested in
the fact that Labor Day, the first
Monday in September, will come on
September 6, for the public schools
in the city ordinarily re-open on the
day following Labor Day.

Thanksgiving Day is a movable
feast and its date will remain unde-
termined until next September, when
the governor-general-in-council will
proclaim the date of the day set apart
for general thanksgiving. If the pre-
cedent of the last few years is fol-
lowed, the day chosen will be a Mon-
day in mid-October.

Christmas, 1920, will fall on Satur-
day.

The almanac announces that there
will be several eclipses, both of the
sun and of the moon. Two of these
will be visible in Canada, a total
eclipse of the moon on October 27,
1920, and a partial eclipse of the sun
on November 10.

Horse Meat For Europe

Horses from Southern Alberta to Be
Canned for Shipment to
Europe

A trial shipment of horse meat is
being made from Alberta to Europe.
An announcement to this effect was
made by H. B. Arkell, Livestock
Commissioner of the Dominion Govern-
ment, at the recent meeting of the
Western Livestock Association at
Victoria, British Columbia.

A few selected horses from South-
ern Alberta farms are to be killed and
their meat boned and canned for ship-
ment to Europe by a private meat-
packing concern, according to Mr.
Arkell. It is to be merely by way of
experiment, and upon the results both
here and at the other end will depend
whether or not a permanent trade be-
tween Alberta and the horse-eating
markets of the old world will be de-
veloped.

It's an easy matter to furnish en-
tertainment for your neighbors; all
you have to do is to make a fool of
yourself.

Work More and Talk Less

A Tendency to Stand About Discuss-
ing Ways and Means

"No nation that puts a minimum of
its strength into labor can hope to
compete with another that works at
full blast to live, the world must
produce more and talk less." Thus
succinctly, A. C. Bedford, head of the
Standard Oil Company, of New Jer-
sey, put the situation to 2,500 dele-
gates to the international trade con-
ference in Atlantic City. The same
point was emphasized even more
strongly by Colonel House, when he
said: "Everything has been said that
can be said on every vital thing."

Reconstruction too long has been
the theme—it should now become the
task. For months there has been a
tendency to stand about discussing
ways and means of going about the
job. Probably if cleaning up had
been begun at the bottom of the mess
without waiting for a wonderful and
comprehensive scheme for achieving
the result overnight, the world might
now have been in a fair way toward
finishing the job. It can hardly be
said that a beginning has been made
yet.

The dictum that the world must
work holds for capital and for the
public as well as for labor. No in-
dividual, whether he belongs to the
ranks of labor, in the realm of cap-
ital, or the less fortunate who is
neither, is doing his duty unless he
works—Buffalo Express.

A purchaser of an old Arab musket
in an antique shop in Paris discovered
in the barrel of the weapon two
hundred and four valuable tur-
quoises, all of beautiful color.

Zeal is very blind, or badly regulat-
ed when it encroaches upon the
rights of others.

Butter and axle grease look alike
to a man in love.

DOUBLE BEAUTY OF YOUR HAIR

"Danderine" creates mass of thick, gleamy waves

In a few moments you can trans-
form your plain, dull, flat hair. You
can have it abundant, soft, glossy
and full of life. Just get at any drug
or toilet counter a small bottle of
"Danderine" for a few cents. Then
moisten a soft cloth with the "Dan-
derine" and draw this through your
hair, taking one small strand at a
time. Instantly, yes, immediately,
you have doubled the beauty of your
hair. It will be a mass, so soft, lus-
trous and so easy to do up. All dust,
dirt and excessive oil is removed.

Let Danderine put more life, color,
vigor, and brightness in your hair.
This stimulating tonic will freshen
your scalp, check dandruff and fall-
ing hair and help your hair to grow
long, thick, strong and beautiful.

The phrase, "living on tick," dates
back to the seventeenth century,
when a tradesman's bill was known
as a ticket.

Agricultural Position Of Canada

Means By Which Our National Debt
Will Be Reduced

The Hon. S. F. Tormie, Canada's
new Minister of Agriculture, has
summed up the outstanding facts of
Canada's agricultural position in an
article appearing in the November
number of the Agricultural Gazette.
He presents statistics showing the
growth of Canada's financial burden
during the past five years, and points
out means by which our national debt
will be reduced. He says in part:

"I am confident that this Dimin-
ution, through the development of her
natural resources, will in time wipe
out her debt. Forests, fisheries and
mines all contribute their part of the
revenue, but by far the greatest re-
turns will be derived from agricul-
ture, which industry we must con-
tinue in permanency and increase in
magnitude. One of the greatest
responsibilities that falls on either
the federal or provincial departments
of agriculture is the conservation of
the great wealth that lies in the vir-
gin soil. Innumerable considerations
are involved in this one problem, but
the whole affair can be accomplish-
ed if we engage in mixed farming
with livestock as a basis. This is the
fundamental principle underlying suc-
cess in agriculture."

WHEN NEURALGIA ATTACKS NERVES

Sloan's Liniment scatters the
congestion and Relieves
Pain

A little, applied without rubbing,
will penetrate immediately and rest
and soothe the nerves.

Sloan's Liniment is very effective
in allaying external pains, strains,
bruises, aches, stiff joints, sore mus-
cles, lumbago, neuritis, sciatica, rheu-
matic twinges.

Keep a big bottle always on hand
for family use. Drugists everywhere.

Re-opening an Old Canal

Remarkable Waterway Is the Grand
Canal of China

A movement is on foot again to
make navigable the longest canal in
the world. This remarkable water-
way is the Grand Canal of China,
which reaches from Hangchow to
Tientsin and has in its time been na-
vigable for nearly 1,000 years. Its
journey between the cities carries it
across two of the world's largest
rivers, the Hwang and the Yangtze,
but it is a long time since any junk
has been able to go by canal from
city to city. After about 130 miles
north of the Yangtze, the Grand
Canal has become choked with mud
and abandoned. The present plan,
which involves an expenditure of
about \$7,000,000, will restore 100 miles
of the Grand Canal, and may reason-
ably be regarded as the first step to-
ward making the waterway navigable
over its entire length.

In the Bahama Islands which were
settled more than two hundred years
ago by Londoners, the Cockney dia-
lect is said to be as strong as it is
in Cheapside.

Miller's Worm Powders will radi-
cate the worm evil that bears so
heavily on children and is believed to
cause many fatalities. They are an
acceptable medicine to children and
can be fully relied upon to clear the
food channels thoroughly of these
destructive parasites and restore the
inflamed and painful surfaces to
healthfulness. They are an excellent
remedy for these evils.

Organization to Protect Birds
Organization for the protection of
migratory birds in the Maritime Pro-
vinces under the convention between
the Dominion and the United States
has been begun with the appointment
of R. W. Tufts, of Wolfville, Nova
Scotia, as migratory bird warden. A
staff of assistant wardens will work
under Mr. Tufts, who is probably the
best authority in the Maritime Pro-
vinces on bird life, and is the author
of "Birds of the Grand Pre Region."

STOPPED CATARRH SUFFERING OVER NIGHT

I Gladly Tell How—FREE
HEALS DAY AND NIGHT

It is a new way. It is something abso-
lutely different from all others. No stoic-
ism, or any apparatus of any kind. No
stimulation, or rubbing or
irritation or massage.
No bowing, no plaster, no
sweeping in the house.
Nothing of the kind as
all something new and
different—something dis-
tinctly and healthful—
something instantly suc-
cessful. You do not have
to wait, and longer, and
pay out a lot of money.
You can stop the pain—
and I will gladly
tell you how—FREE. I am not a doctor
and this is not a so-called doctor's prescrip-
tion—but I feel sure of my authority. I
tried my friends. Your suffering will stop
at once if you try it. Write me promptly.

BE FREE FROM CATARRH
Catarrh is filthy and loathsome—it dulls one's
mind. It undermines one's health and weakens
your will. The hawking, coughing, spitting is
obnoxious to all and the foul breath and yellow
hoarse make even loved ones avoid you secretly.
Your delight in life is slowly yet surely slipping
away from you. You know it will bring you to
an untimely grave because every moment of the
day and night it is slowly yet surely sapping away
your vitality. But I found a cure, and I am ready
to tell you about it. FREE. Write me promptly.

SEND NO MONEY

Just write me today before you do anything
else. Just say "I want to try Jan-O-Sun."
That's all you need say. I will understand, and
I will write to you with complete information
FREE, at once. Don't think of turning this page
until you have asked for this wonderful treat-
ment that can do for you what it has done for so
many others.

JAN-O-SUN

69 St. Peter St., Dept. 155 Montreal, Que.

Perfected Baby Airplane

A 130-pound airplane is France's
latest contribution to aerial progress.
A French engineer named Archer has
taken out patent for the baby ma-
chine, which is electrically propelled
with a maximum speed of 155 miles
an hour and capable of carrying two
passengers. Archer expects the ma-
chine to revolutionize communication
between cities. Archer is inventor of
the French army's "baby cannon."

Exhausted from Asthma. — Many
who read these words know the ter-
rible drain upon health and strength
which comes in the train of asthmatic
troubles. Many do not realize, how-
ever, that there is one true remedy
which will surely stop this drain. Dr.
J. D. Kellogg's Asthma Remedy is a
wonderful check to this enervating
ailment. It has a countless record of
relief to its credit. It is sold almost
everywhere.

Fish hooks have been made on ex-
actly the same design for two thou-
sand years.

In China are to be seen horses that
are spotted almost like leopards.

Youth and Age

THERE is no time in wom-
an's life that she cannot
benefit by the use of Dr.
Chase's Nerve Food in order
to keep up the supply of pure,
rich blood and to ensure a
healthful condition of the
nervous system.

Headaches, neuralgia, sleepless-
ness, nervousness, irritability,
tired, worn-out feelings, soon disap-
pear when the vigor and energy of
the nerves are restored by the use
of this great food cure.

50 cents a box, 6 for \$2.75, all dealers, or
Edmundson, Bates & Co., Ltd., Toronto.

Nerve Food**

Visit of Prince Strengthens Bonds

Ottawa.—His Excellency the Governor-General has received the following message from His Royal Highness the Prince of Wales:

"H.M.S. Renown, Camperdown, N.S., Nov. 25, 1919:

"To all the men and women of Canada who served at the front in the great war:

"On sailing from the Dominion after my first visit, I wish to tell you what a pleasure it has been to see so many thousands of you during the last six months. On behalf of the King, I congratulate you on your splendid war services, and for myself I thank you for having received me, not only as the Prince of Wales, but as an old comrade in the field. I shall always look upon you as comrades, and I hope you will do the same for me. An revoir.

(Signed) "EDWARD P."

Premier Borden has telegraphed as follows to His Majesty the King:

"As the conclusion of the visit of His Royal Highness the Prince of Wales to the Dominion may I be permitted to convey to your Majesty and to the Queen my very warm congratulations upon its remarkable success, and especially upon the wonderful impression which the Prince has made upon all our people. His labors have been indefatigable and untiring; his tact and courtesy have been un-failing, and his natural charm of manner has made an irresistible appeal to all our people and has won for him a place in their hearts which will always endure. He has shown a thorough comprehension of the spirit and aspirations of the Canadian people, and there has been a universal appreciation of the excellent speeches which he has delivered in all our provinces from the Atlantic to Pacific. The visit has had a distinctly steadying effect and must serve to strengthen the ties which unite Canada to the rest of the empire."

The following reply was received: "Buckingham Palace, London, Nov. 26, 1919:

"Sir Robert Borden.—The Queen and I have received with supreme gratification your kind message on the conclusion of our son's visit to Canada. We heartily thank you for the generous terms in which you speak of all that he has accomplished during the happy months spent by him in the Dominion, and we are proud that it is to his personality that you so largely attribute the success that has crowned his efforts. I earnestly believe that this renewed association between my family and the people of Canada will strengthen that unity of empire upon which, please God, a great and glorious future may be assured.

(Signed) "GEORGE R.I."

Huns Still in Truculent Mood

Preacher Spoke of Returning to War and Fighting for Honor

Berlin.—The presence of General Ludendorff, former first quartermaster general in the imperial war of the Potsdam garrison church, during a memorial service for Germans who fell in battle, was the occasion for a striking demonstration. General Ludendorff spoke for military training as an invigorating and moral education.

One of the congregation, dressed in a field-grey uniform, rose and exclaimed: "When the hour comes we will all follow you, general," whereupon the whole congregation stood and sang "Deutschland Über Alles."

In the course of his sermon the preacher said:

"When the time comes we shall die bravely for our brothers and our honor and not disgrace ourselves."

At the close of the sermon, the preacher, standing on the tomb of Frederick the Great, summoned the congregation to make a solemn declaration which would be supported by the will of the people.

General Ludendorff was given an ovation as he left the building, and cheers also were raised for former Emperor William.

"Funny how some fellows get generous when they are drunk."

"Yes, and others get tight."

To Arraign 16,000

Communists

Cserny Is First to Be Tried and Pleads He Carried Out Orders

Budapest.—The trial of communists charged with crimes during the Bela Kun dictatorship has begun. Cserny, commander of the Lenin boys, being the first of 16,000 to be arraigned.

Cserny pleaded that he had only performed his duty. He denied many charges of his execution and recited several instances in which he claimed Bela Kun gave direct and explicit orders for murders. As the Hungarian Bar association refused to defend the accused, the court ordered lawyers present in the court room to defend them.

A Fine Plan

Lord Leverhulme Urges Sweating of Machinery Instead of the Employees

New York.—Sweating the machine, not the man, is the economic principle on which Lord Leverhulme, the great British manufacturer, justifies the six-hour day for workmen and the twelve-hour day for machinery. This schedule his firm has determined to introduce in their factories in Great Britain, Canada and the United States, hoping thereby to profit their workmen and themselves.

Lord Leverhulme, who arrived here Tuesday on the Mauretania, comes to conduct a little missionary work in favor of the introduction in this country of the plan, which he declares will prove economically advantageous and profitable in any industry in which the overhead charges for plant and equipment equal or exceed the wage bill.

Describing the main features of the plan, as well as of the long established system of "co-partnership," or profit sharing, in his several soap factories, Baron Leverhulme pointed out that the scheme for hours must not be confounded with a flat six-hour day, but consisted in employing his working forces, men and women, in two shifts, each working on a 36-hour week basis, while the machinery is kept going the full twelve hours a day.

The plan, he declared, was to get the greatest possible production out of the machinery, the expensive element in soap production, which is granting the working forces a shorter day and a greater opportunity for recreation and self-improvement.

The Victory Loan

Ottawa.—Sir Henry Drayton, minister of finance, when questioned in regard to the allotment of the Victory Loan subscriptions, said that he would wait until the figures are all in before making a statement. He intimated that the government is in need of money to carry on the business of the country. A large percentage of the subscriptions will be accepted.

Two Deaths from Sleeping Sickness
Winnipeg.—Sleeping sickness has claimed two more victims in Winnipeg, making the total deaths from this disease since the first appearance eight in all.

Two more cases were reported to the city health authorities, bringing the number of cases reported to 32.

Soviet Peace Feelers

London.—A Moscow wireless dispatch received here quotes the Pravda as declaring that the Soviet government is willing to negotiate a peace with the entente and the imperialists, but only on condition that the entente shall undertake not to support the counter revolutionaries.

To Equip Seized Hun Steamers

New York.—More than \$7,000,000 will be spent in special equipment for the seven former German passenger liners recently enrolled by the United States shipping board for a fast passenger and mail service between the United States and South America.

Allotment of Coal For Canada

Emergency Requirements Will Be Met With Shipments From the U.S.

Washington.—Arrangements were completed here between the Canadian war mission in Washington and the central fuel committee of the United States, under which there will be an allotment of bituminous coal to Canada to meet emergency requirements. The procedure in securing supplies will be as follows:

"Preferred industries in Canada must have their applications substantiated by C. A. Magrath, Ottawa, afterwards the applications will be forwarded to the Canadian war mission at Washington, and by this mission in the central fuel committee."

G. T. Agreement Ready Soon

Will Be Taken to England By Sir Alfred Smithers When Completed

Ottawa.—The agreement which is being drawn up for submission to the Grand Trunk shareholders, and which is based upon the bill for the acquisition of the Grand Trunk system put through the House last session, will probably be completed within a few days. It will then go to the cabinet and on being approved by that body will be handed to Sir Alfred Smithers, who will take it with him to England.

The agreement, it is said, will contain little that is new. It is in the nature of a compact for the purpose of implementing the bill which parliament passed last session, and which covered the important point of the transaction.

The agreement is more specific, dealing with details of the plan broadly outlined in the bill. Until it is ratified by the Grand Trunk shareholders, there will be no appointments made either to the board of arbitration or to the board of management. The government, however, will continue preparing the case which it will place before the arbitrators, and which will require an exhaustive investigation into the condition of the road, and an audit of the books of the company. There is as yet no indication of who will be chosen to act for the government as counsel during the arbitration proceedings. The return of the Prime Minister may have the effect of speeding up the choice of the government counsel.

Bolsheviks Will Settle Debts

New York.—The Bolsheviks do not intend to repudiate \$100,000,000 worth of bonds issued by the imperial and provisional governments of Russia, as reported, according to Ludwig C. A. K. Martens, self-styled soviet ambassador to the United States. Martens testified his government has sent him an official authorization to arrange for settlement of outstanding bonds, a large portion of which were sold in this country.

Austrian Nobles as Hostages

Paris.—A dispatch has reached the Foreign Office from Vienna, by way of Basel, to the effect that the Russian soviet foreign ministry intends to hold the Austrian nobles and subjects in Russia as hostages for the security of Bela Kun, the former Hungarian communist leader, and the members of his government.

First Canadian in France

Kingston.—Among those who were initiated a few days ago into the Army and Navy Veterans' was Capt. Law, C.A.M.C., who was the first Canadian to set foot in France after Canada had entered the war. Capt. Law landed in France in November, 1914.

Egyptian Situation Improved

London.—The imposition of stricter regulations in Egypt has resulted in an improvement in the tone of the native press, and the situation generally, according to a dispatch from Cairo under last Friday's date. Demonstrations have been banned after the midday prayer, the dispatch adds.

Willie: Pa, what's a jack-of-all-trades?

Papa: Generally a fellow who can produce anything except results.

W. N. U. 1292

Radical Reforms Are Forecasted by Drury

Bumper World Crops

Corn, Potatoes, Barley and Sugar Beets Are Above the Average

Washington.—Bumper world crops of corn, potatoes, barley, sugar beets and rough rice for this year are shown in estimates compiled by the International Institute of Agriculture at Rome, made public by the Department of Agriculture.

The production of wheat, oats and flax seed, however, shows a decrease from the average for the five years ended in 1917.

Wheat production in fourteen countries, excepting the central powers, will reach 2,040,059,000 bushels, 96.5 per cent. of the five-year average. Corn will amount to 3,126,194,000 bushels, 14.8 per cent. greater than the crop produced last year and 44 per cent. greater than that produced for the last five years.

To Make Good Citizens

Every Canadian Child Must Have Rights of School

Winnipeg.—The standard that this province has set is that the child of every Canadian citizen, no matter what his nationality or the country from which he has come, shall have the priceless privilege of getting a public school education, with the object of enabling that child to develop into a good Canadian citizen.

This was the statement of Premier T. C. Norris at the fourth annual convention of the Ukrainian citizens of Canada, which was held here. Premier Norris said it would be fatal to the Canadian, and also to the Ukrainian, people to be divided regarding the importance of developing the highest kind of citizenship in Canada. It was the duty of the Manitoba government and all other governments in the Dominion to make it possible for every child in the country to become a Canadian citizen of the right type.

The Manitoba department of education recognized its duty in this connection.

Trappers Predict

Early Spring

Rabbits Are Still Brown and Fur Trapped Is Not Prime

Winnipeg.—Coming into the frigid atmosphere of this city, travellers from the Peace River district are talking of the break-up of the winter there and early plowing, too. They say that ice on the river has broken, although it has been so thick that teams had been crossing for ten days, and old-timers predict the river will soon be clear. Trappers talk there of an open or a very late winter, drawing their conclusions from the fact that rabbits are still brown, and that fur trapped to date is not prime.

Proceeding With Housing Scheme

Winnipeg.—Manitoba's appropriation under the Dominion housing scheme has been reduced to \$500,000, making the appropriation \$1,500,000. Of this sum, the province has already loaned \$395,000, of which the city of Winnipeg has borrowed \$50,000. W. J. Ptolemy, deputy provincial treasurer, received information of this reduction from the Dominion Government.

Mrs. Tom Thumb Dead

Middleboro, Mass.—Countess Primo Magri, known to the general public as Mrs. Tom Thumb, and one of the best known Lilliputians in the world, died at her home here recently after a long illness. She was 77 years of age and had travelled around the world several times, under the management of the late P. T. Barnum.

Cannot Part With Title

London.—A bill introduced in the House of Commons, under which Viscount Astor would have been able to give up his title, inherited from his father, the late Viscount (William Waldorf) Astor, was defeated by a vote of 169 to 56.

Barrie, Ont.—A radical reform in the administration of the criminal laws of Ontario, under the new provincial government, was suggested by Premier Drury here as one of the things that may be looked forward to from his administration. The premier spoke here to a large audience in connection with the initial opening of the new \$60,000 children's shelter donated by the Simcoe county council.

Mr. Drury said:

"At present those who offend the criminal laws are treated as enemies from the beginning. They are dealt with summarily, hastily and often in the spirit of levity. They are herded together like animals in the police courts. The spirit of the administration of these laws should be improved. There should be a change in the treatment of prisoners."

"It is not a single alteration of the present laws that I speak of, but a change rather in the administration of the laws we have. It may be that no new regulations will be needed for this. An expression for the government or a hint judiciously given by the attorney-general may prove to be sufficient. We must have the spirit of justice and charity in our courts. Their object must be to uplift, not to push down."

Cheques Totalling \$4,000 Forged

Daring Crime Perpetrated on the Calgary Branch of the Standard Bank

Calgary.—One of the most daring cheque forgeries in the history of the city was perpetrated on the local branch of the Standard Bank here, when a man, who said he was G. Whittaker, passed cheques totalling \$4,000 and drawn on the branch at Fort Saskatchewan, Alta. He represented that he wanted the money for stock deals. The cheques were stamped "accepted," but apparently were not initiated in the stamp mark. This passed unnoticed for a time, when the teller became suspicious. The bank management contacted with Fort Saskatchewan and discovered the forgery. The police have been unable as yet to trace the man.

Living in Foo's Paradise

Ex-Kaiser Wilhelm Does Not Expect to Be Extradited

Amsterdam.—The Telegraf, quoting an authoritative source, says both the Netherlands government and former Emperor Wilhelm of Germany are still confident that nothing will come of the report that there will be a demand for the extradition of the one-time emperor.

The newspaper adds that former Crown Prince Frederick William, who, it says, has less to fear from extradition than his father, takes the matter more seriously.

The Telegraf's authority says that the breach between the former emperor and his son, while it has not yet been healed, is less bitter, the son having yielded somewhat to his father because of the wishes of his mother.

Riot at Johannesburg

Nationalist Club Wrecked and Development of Race Riots Feared

London.—The Nationalist party club at Johannesburg, South Africa, was wrecked as a result of some Nationalists stoning a house veranda on which were a number of women and children, according to advices from Johannesburg.

The attack on the club precipitated what the police feared would develop into an uncontrollable racial riot. The efforts of the police to restore order, however, were reinforced by a timely downpour of rain, which caused the crowd to disperse.

A man wastes more time during a six months' courtship than he does all the rest of his life waiting for street cars.

MORTGAGE SALE OF FARM PROPERTY NEAR MONITOR, ALBERTA

Pursuant to the directions of the Registrar of the North Alberta Land Registration District there will be offered for sale by Cramer and Garries, at the Monitor Hotel, in the TOWN OF MONITOR, in the Province of Alberta, on

SATURDAY, 13th day of December, 1919

at the hour of 2 o'clock in the afternoon the following lands, namely: South-West Quarter of Section Twenty-Two (22) Township Thirty-Two (32) Range (5) West of the Fourth Meridian, in the Province of Alberta, containing by admeasurement One Hundred and Sixty (160) Acres, more or less, reserving unto His Majesty all mines and minerals.

THE VENDORS are informed that there are 160 acres of land, of which 160 acres are good arable land. The soil on the said property is chocolate loam with clay subsoil averaging approximately twenty-four (24) inches in depth. The property is watered by two mills. The nearest railway station to the said property is Monitor, a distance of 19 miles. The said property is situated in a settlement of English speaking people. The property is situated one mile from a Church and one mile from a School.

THERE are the following buildings on the said property: House 12 X 16 8 feet high, lumber, shingle roof; Granary 12 X 16 8 feet high, lumber, rubberoid roof. Barn 16 X 32, 12 feet high, lumber. Chicken house 8 X 16 8 feet high, lumber, board roof. There are One Hundred Acres of land under cultivation on the said property this year

THE PROPERTY will be sold subject to a reserve bid, and free from all encumbrances, save the reservations contained in the original grant from the Crown, and in the existing Certificate of Title appearing, and taxes from date of sale. Terms of payment will be Twenty (20) per cent. cash on the date of sale, and the balance of the purchase money to be paid to Messrs. Griesbach, O'Connor & Company within sixty (60) days thereafter without interest, in the alternative the purchaser to give a mortgage for \$600.00, repayable in five equal annual instalments with interest at Eight (8) per cent. per annum, and the remainder of the balance within Thirty (30) days without interest.

OTHER TERMS and conditions and further particulars may be had from Messrs. Griesbach, O'Connor and Company, Solicitors, 10072 Jasper Avenue, Edmonton, Alberta.

GRIESBACH, O'CONNOR and COY. Solicitors for the Vendor.

APPROVED: (Sgd.) W. FORBES Registrar

ALERT ALTARIO

The W. I. Dance on Friday last was attended by a few loyal souls who braved one of the coldest nights we have had. They report a merry, informal and friendly time. Reggie Staley calling out the dances in fine style and our Editor getting slightly mixed up with the ladies in the square dance, thus adding to the fun on the floor. We hear the music was exceptionally attractive, and are glad to know that our talented townsmen are contributing to the joy de vivre of this community.

These long winter evenings are passing pleasantly over the card-tables, as the townsfolk take it in turns to arrange for "500" parties. Those who attend tell us they have a real jolly evening—lots of pleasant fun and society—and the cup that cheers. It is the best way to promote the community spirit to gather together in friendly groups and those who disapprove of cards and dancing on principle would do well to find some substitute to take their place, for it is a law of nature that all work and no play makes Jack Canuck and Jamie too dull folks.

We were sorry indeed to find Jack Frost attended church on Sunday evening, and tried to remain an unwelcome guest. The sermon was as usual well worth hearing.

We are asked to remark that the Arrow showed very questionable taste in its recent bit of verse, for while humor is always enjoyable the "sine qua non" of a smile extracted from newspaper columns is that it be clean and wholesome fun.

Miss Hanna Kellman is now in Coronation hospital undergoing an operation for appendicitis. Everyone will wish her good luck and safely home again as Hanna is one of the girls who are greatly missed in town—her merry smile and cheery manner helped to make us feel brightened whenever we met her.

The Compeer Ladies Aid sent us a cordial invitation to their Bazaar and Chicken supper on Friday to help clean up the parsonage debt. We have seldom met a more enthusiastic or capable Aid than at Compeer.

Like the Birds the boys have flown away. Some here, some there, and Altario is left to the married folk and little ones. Many of the boys are at work in the Tall Timbers in B. C., some have gone to the States and some to the cities leaving a loneliness behind that is most noticed when social functions are held. When the W. I. put on their dance on the 12 it is up to the rest of us who are here to patronize the ladies effort and to encourage the little musicians who spend a good deal of time in practice that they may present a creditable performance. Book the date, the 12th, and come prepared.

'KIRRIEMUIR KOLUM'

Mr. and Mrs. F. S. Fish left Kirriemuir Friday to spend the winter with their daughter Mrs C. E. Brown in Lincoln Neb.

Mrs. W. A. Campbell is home from Saskatoon.

Miss Jessie Kay arrived from Sunshine Australia Friday the 28th of Nov. Jim McKenzie is wearing a smile these days; are congratulations in order Jim?

John Hennessey is Visiting his son Harry this week.

Mrs. W. Ragan is very sick she has gone to the Hospital in Saskatoon.

One of the Vert boys had his leg broken last week.

The special meeting of the Womens Idstitute held last week at Mrs. Kays for the election of Officers was put off for a time as there were not enough members attended to hold election of officers on account of the cold.

The regular meeting of the ladies aid will be held at the home of Mrs R. W. Fish Thurs. December 4th.

A surprise party visited the home of Mr. and Mrs Johnston last Friday eve: everybody had a good time

Mr. Harry Rice, who left for Montreal a few days ago is expected to arrive home sometime in January bringing his bride with him (Nee Miss Frances Kelley)

"PSYCHE"

The New York Herald on Sunday, November 23rd, will publish in its Magazine Section an article on: "Old Hudson Bay" and the "New Manitoba District" This article will present the general physical features of Hudson Bay, its resources and its historic importance, taking up the story of the Hudson's Bay Trading Company; and its new importance with the approaching completion of the railway line from The Pas, on the Saskatchewan River in Manitoba, to Port Nelson, 424 miles away on Hudson Bay, by which wheat will be shipped direct from the western Canadian fields via Hudson Bay to Europe.

It will also tell of the opening up of rich new mineral fields around the head of Lake Winnipeg, which were discovered with the making of the railway surveys just as the discovery of the great Cobalt district resulted from the survey for what was originally intended as a new grain carrying line—now the Timiskaming and Northern Ontario Railroad. Next Spring will see a great rush of prospectors into the New Manitoba District and a general development of the lands along the Nelson River and the railroad now under construction.

Lakes Will be Rivers

37,000 Years Hence, Lake Erie Will Be Pouring Into St. Lawrence

The 20-mile strip from Buffalo to Niagara Falls will be eaten away and Lake Erie will rush through the St. Lawrence River into the Atlantic Ocean, leaving only rivers where Lakes Erie and Michigan now are, according to Professor James B. MacElwain, professor of the geology and physics department of St. Louis university. But it won't be for 37,000 years.

The Great Lakes region is warping. This will bring about a draining of the lakes through Chicago river and Maumee, he said.

CARBON!

Rid System of Clogged-up Waste and Poisons with "Cascarets."

Lake carbon clogs and chokes a motor, so the excess bile in the liver, and the constipated waste in the bowels, produce lousy brains, headache, sour, acid stomach, indigestion, sallow skin, sleepless nights, and bad colds.

Let gentle, harmless "Cascarets" rid the system of the toxins, acids, gases, and poisons which are keeping you upset.

Take Cascarets and enjoy the nicest, gentlest laxative-cathartic you ever experienced. Cascarets never gripe, sicken or cause inconvenience. They work while you sleep. A box of Cascarets costs so little too.

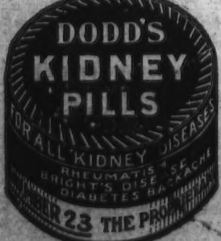

Goat Industry

Livestock Commissioners Receiving Requests for Information From Prospective Purchasers

There are prospects that the goat industry may assume some importance in the province of Saskatchewan in the course of the next few years, if the number of enquiries which have recently been received by the Saskatchewan Department of Agriculture is a true index.

J. G. Robertson, livestock commissioner for the province, states that he has received quite a number of requests for information from prospective purchasers of goats, and the department is considering the advisability of adding an expert on goats to the staff.

The trouble with most handsome women is that they think that is all that is necessary.

Farm Superstitions Are Valuable

Helpful Information Discovered by Keenly Observant Persons

The problem of making agricultural superstitions into scientific data is being studied by experts of the U.S. Department of Agriculture, who declare that many old maxims handed down from father to son for generations are not really superstitions at all, but helpful information discovered by keenly observant persons.

They declare that there is a best time for every farm and garden operation and that some tree or shrub or plant indicates that time more accurately than all the scientific instruments can register it. It is those signs which were noted by the pioneers who laid the foundations of this country and recorded in the simple sayings handed down to posterity. Soon they will be dignified with the scientific name of phenology, which is the science of phenomena.

POOR, THIN BLOOD BRINGS INDIGESTION

Make the Blood Rich and Red By Using Dr. Williams' Pink Pills

Thin-blooded people generally have stomach trouble. They seldom recognize the fact that thin blood is the cause of indigestion, but it is. Thin blood, weak, watery blood, is one of the most common causes of stomach trouble, and that fact that the digestive fluids are diminished in their activity, the stomach muscles are weakened, and there is a loss of appetite, and soon the cat of these will more quickly restore appetite, digestion and a normal nutrition than good, rich, red blood.

Dr. Williams' Pink Pills act directly on the blood, making it rich and red, and this enriched blood strengthens weak nerves, stimulates tired muscles, and awakens to normal activity the glands that supply the digestive fluids. The first sign of returning health is an improved appetite, and soon the cat of these blood improving pills is felt throughout the whole system. You find that what you eat does not distress you, and that you are getting stronger and more vigorous. Mr. J. J. Murray, Regent street, Toronto, bears testimony to the value of Dr. Williams' Pink Pills in cases of this kind. He says: "During the latter part of 1918 I was a sick man. My stomach seemed simply down and out. I had no desire for food, and when I ate it distressed me. I was pale, did not sleep well, naturally got up in the morning feeling grouchy. My wife was worried over my condition and urged me to try Dr. Williams' Pink Pills, reminding me of the good they had done our eldest daughter when she was in a somewhat similar condition. I decided to follow her advice and got a supply, and here is the story in a nutshell: I have got my appetite back, sleep soundly at night, enjoy my meals and am so gratified with what the pills have done for me that I strongly advise their use for all pale, sick people."

You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail at 50 cents a box, or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

Raising Princess Sophia

The raising of the wreck of the Princess Sophia, which sank in Alaskan waters 13 months ago with heavy loss of life, will not be attempted before next spring, it is stated by J. S. Byron, who has just returned from Juneau. The equipment that has been collected for the big job will lie in shelter at Bridge's Cove, three miles from Vanderbilt Reef until next May, when it is planned to proceed with the work. Bad weather and intense cold made it impossible to proceed this year.

International Hay And Grain Show

Saskatchewan farmers are preparing to send representatives to the exhibit of the International Hay and Grain Show, Chicago, this month. They hope to repeat the September successes at the International Soil Products Exposition, when they won first prize sweepstakes for wheat and oats, and several other prizes for grains, grasses and vegetables.

HEART SO BAD WAS NOT SAFE TO LEAVE HER ALONE

Miss Eva P. Vaternan, Krugersdorf, Ont., writes:—"I feel that I must write and tell you of the benefit I have received from Milburn's Heart and Nerve Pills. About four years ago I was taken terribly bad with my heart, nerves and fainting spells, and was down in bed for several months. I doctored with two different doctors and seemed to get better, although the fainting spells would not leave me. I would take such terrible falls, wherever I was, that it was not safe to leave me at home at any time. At last I decided to resort to proprietary medicines, and took several different kinds, but seemed to receive but little benefit from them. One day noticing the advertisement of Milburn's Heart and Nerve Pills I decided to try them, and before I had taken more than two boxes I could see they were helping me. I had been about ten boxes, and an almost cure of those terrible spells. I sincerely feel that your medicine has proved a blessing to me, and I advise any one troubled with their heart to try them, as I am confident they will find relief."

Milburn's Heart and Nerve Pills are 50c a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Canadian Watch-Making School

The first watch-making school in Canada has been established in Montreal, to teach the trade to returned soldiers. Each man who becomes proficient is assured of immediate employment, as there is a great scarcity of watchmakers in the Dominion at the present time.

Minard's Liniment Cures Garget in Cows.

Almost every man has the mistaken idea that he is essential to the workings of the universe.

With the Fingers! Says Corns Lift Out Without Any Pain

Sore corns, hard corns, soft corns or any kind of a corn can shortly be lifted right out with the fingers if you will apply directly upon the corn a few drops of freezone, says a Cincinnati authority.

It is claimed that at small cost one can get a quarter of an ounce of freezone at any drug store, which is sufficient to rid one's feet of every corn or callus without pain or soreness or the danger of infection.

This new drug is an ether compound, and while sticky, dries the moment it is applied and does not inflame or even irritate the surrounding tissue.

This announcement will interest many women here, for it is said that the present high-heeled footwear is putting corns on practically every woman's feet.

To Deal With the Kaiser

Trial of Former Emperor Will Be Opened in London Early in the New Year

The British Government expects the trial of former Emperor William of Germany to begin in London early in the new year, and is completing necessary arrangements, says the Mail, which adds that as soon as the allies have ratified the peace treaty a united request for the surrender of the erstwhile emperor will be presented to Holland.

"There is no room for doubt that the request will be complied with," the newspaper adds. Ratification of the treaty is confidently expected in a few weeks.

A practical joke is one that is saleable.

Reindeer Company For Far North

Granted 78,850 Square Miles to Graze Caribou and Reindeer

The North American Reindeer Company, capitalized at \$750,000, has been granted a concession of 78,850 square miles of land north of the Churchill River to graze caribou and reindeer upon. This amounts to 49,000,000 acres, for which the government charges four cents an acre per annum, according to the statement of officials of the company, which works out at \$192,000 a year for the total. It is stated that the company will proceed with their project in the spring, and the first move will be to gather the caribou herds. The Pas will be the headquarters of the enterprise.

"SYRUP OF FIGS"

CHILD'S LAXATIVE

Look at tongue! Remove poisons from little stomach, liver and bowels

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruity taste. Full directions for child's use on each bottle. Give it without fear.

Mother! You must say "California."

The different diseases which affect mankind number about twelve hundred.

A brick manufactory has some excuse for wanting the earth.

HOW TO "BE FIT" AT SIXTY

BY DR. LEO HERBERT SMITH.

As our boys "came marching home," they brought a certain red-blooded doctrine, and showed us the glory of a perfect body. They will show us how to "keep fit," even if we have passed middle life and are beyond the athletic stage. For the tired business man, the man who feels the daily grind and the nightly fag, has meager appetite, headaches, nerves unstrung, is gloomy, ending in a soggy brain, try the right way. Get out of bed, open the window, breathe deeply, exercise the army "setting-up" exercise or use dumb bells, until in a warm glow.

Before breakfast take hot water, and occasionally castor oil or a pleasant laxative made up of May-apple, aloin, jalap, and sold by all druggists as Dr. Pierce's Pleasant Pellets.

As Prof. Strauss says, "The excretion of uric acid we are able to effect by exciting diuresis." Drink copiously of soft rain or distilled water, six or eight glasses per day, hot water before meals, and obtain Anuric Tablets, double strength, for 50 cts., at the nearest drug store and take them three times a day. If you want a trial package send 10 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

"Anuric" (anti-uric-acid) is the recent discovery of Dr. Pierce and is much more potent than lithia, for it will dissolve uric acid as hot tea dissolves sugar.
